Join Us as Tim Kent, PLS from OIT discusses the:

## GEOMATICS PROGRAM

“At Oregon Tech, the study of geomatics combines theory, problem-solving and field work in a computer-intensive curriculum that prepares students for employment and licensure as Professional Land Surveyors. A shortage of trained personnel makes the employment forecast for geomatics graduates exceptional. OITs geomatics program is accredited by the Applied Science Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, Md. 21202-4012.” (<http://www.oit.edu/programs/geomatics>)
