

*WSS-ACSM Dinner Meeting Announcement
Thursday,
20 NOVEMBER 2008*

*6:00 PM
Angelo's Restaurant
1830 130th Ave NE
Bellevue, WA.*

Join us as
Larry Signani, PLS and Jon Warren, PLS from
WHPacific, Inc. present:

Introduction to Surveying at 60 mph

“WHPacific, Inc. recently added the LYNX Mobile Mapper to its inventory of innovative surveying technology. WHPacific is the first company in the United States to take delivery of this new equipment, advancing the state-of-the-practice in surveying technology. The LYNX system is the next step in terrestrial mapping and surveying, incorporating, LIDAR, GPS and the Applanix POS LV system (Inertial Measurement Unit) to produce survey grade 3D data from a mobile vehicular platform.

With system accuracy better than 5 cm and a resolution of up to 1 cm, the LYNX Mobile Mapper offers unprecedented 3D detail –from a vehicle moving at speeds up to 60 mph.”

Technical description copied in part from: http://www.whpacific.com/_Sections/News/News.aspx?NewsID=47

This is an informal, informational presentation hosted by the Washington State Section of the American Congress on Surveying and Mapping.

We have limited room, so please let me know if you plan to attend by forwarding an email to TimLeach3@comcast.net as soon as possible.

Dinner meeting price is **\$30.00** and **\$10.00** for students.
